Western Plains Closes Acquisition of Maidstone Asset

For Immediate Release

March 31, 2011

CALGARY, ALBERTA – Western Plains Petroleum Ltd. (TSXV:WPP) (“**Western Plains**” or the “**Company**”) is pleased to announce it has closed the previously announced arm’s length acquisition of a 100% net interest in 320 acres of petroleum and natural gas rights located in the Maidstone area of west-central Saskatchewan (the “**Maidstone Asset**”) from Petrostar Petroleum Corporation (“**Petrostar**”).

The purchase price for the Maidstone Asset was \$750,000, subject to standard industry adjustments, based on an effective date of December 1, 2010, and was paid by Western Plains through (i) the payment and/or assumption of approximately \$529,000 of Petrostar's trade payables, and (ii) the cash payment to Petrostar of approximately \$182,000 (inclusive of applicable sales tax). Western Plains previously paid Petrostar a \$50,000 cash deposit.

The Maidstone Asset has nine (9) shut-in wells and one (1) well producing heavy oil at an average rate of 15 bbls/d. The property also has one horizontal water injection/pressure maintenance well. Western Plains intends to re-activate all 9 shut-in wells as soon as practicable and complete a work-over on the producing well to maximize production from this property. The Maidstone Asset lies adjacent to the Company’s existing Maidstone interests and will increase its land holdings in this area to 480 gross acres (400 net acres).
